

What do we know about Gippsland's Family Violence Statistics?

July 2024– July 2025

Data abstracted from the Crime Statistics Agency

Gippsland
Family Violence
Alliance

Gippsland

9845

Total Incidents in Gippsland.

A family incident is the number of reports submitted by Vic Pol and recorded into LEAP. **The total number of incidents include:**

724 Cases of family violence serious assault

1,611 Cases of family violence common assault

6,484 breaches of a family violence order.

Family Violence costs Gippsland \$320m annually (KMPG Modeling)

382 Incidents of family violence threatening behaviour.

180 incidents of family violence stalking

190 Incidents of family violence harassment and private nuisance

Family Violence incidents do not include the 2,086 sexual offences that occurred in Gippsland, although some charges may be co-occurring

Not all family violence incidents will be reported to Victoria Police. Data does not include people who independently make contact with support services, are referred from third parties or who do not report.
