

# What do we know about Gippsland's Family Violence Statistics?

Sep 2024- Sep 2025

Data abstracted from the Crime Statistics Agency

## Gippsland

**9,667**

Total Incidents in Gippsland.

A family incident is the number of reports submitted by Vic Pol and recorded into LEAP. **The total number of incidents include:**

762 Cases of family violence serious assault

1,571 Cases of family violence common assault

6,621 breaches of a family violence order.

Family Violence costs Gippsland \$320m annually (KMPG Modeling)

359 Incidents of family violence threatening behaviour.

1195 incidents of family violence stalking

178 Incidents of family violence harassment and private nuisance

Family Violence incidents do not include the 2,062 sexual offences that occurred in Gippsland, although some charges may be co-occurring

Not all family violence incidents will be reported to Victoria Police. Data does not include people who independently make contact with support services, are referred from third parties or who do not report.
